Academic Information

| | |
|--|--|
| Courses Offered to International Students | <p>All subject matter courses are taught in English and are available to international students. <i>*International students may NOT enroll in preparatory English language courses or certain courses that are required for and restricted to degree-seeking students only. Be sure to check the restrictions indicated in the Course Offerings available at the following link.</i> https://web.aiu.ac.jp/en/short-term/course/</p> |
| Course Registration | <p>All new students register for courses after arrival at AIU. Please note that the course list students submit in their application forms is for our screening committee's reference, NOT for official course registration.</p> |
| Tips on Course Selection | <p>- We strongly recommend students to obtain approval for as many alternatives as possible prior to arriving at AIU, in case they cannot get into their first-choice approved courses.</p> <p>- Our class sizes are small in order to ensure maximum interaction, so the capacity of each course is limited. Please understand there is a chance students will not be able to get into their first-choice courses. Seats for courses that exceed capacity are determined by lottery and a waiting list system.</p> <p>- Students are NOT able to register for courses which overlap in the timetable. Be sure to check the latest Class Schedule. Please note that Course Offerings, Class Schedules, and Syllabi will be updated in early June (for Fall semester) and in mid October (for Spring semester). If any slight changes occur, it will be updated in late August (for Fall semester) and in late March (for Spring semester). So please be sure to check the latest information before course registration.</p> |
| Attendance Policy | <p>AIU's education model emphasizes student interaction in the classroom including group and pair work activities, so attendance is mandatory. Each instructor sets their own attendance policy and in some classes, absences can result in an automatic failing grade.</p> |
| Academic Transcript | <p>An official academic transcript will be sent to the international office of the student's home institution by the Division of Student Records within 2-3 weeks after the end of final exams.</p> |
| Grading System | <p>https://web.aiu.ac.jp/en/short-term/course/grading/</p> |
| Credit System | <p>Number of Credits Required for Undergraduate Degree 124 credits</p> <p>Standard Number of Credits per Semester (Undergraduate) 15 credits (most courses are <u>3 credits</u> so students can expect to take <u>5 courses</u> per semester)</p> <p>Minimum / Maximum Credits per Semester 12 credits* (min.) / 18 credits (max.) <i>*Required by Japanese Immigration Law</i></p> <p>Class Hours <u>One class hour is 50 minutes.</u> (Students are expected to study on their own for two hours per every one class hour, working on preparation, research assignments or homework.)</p> <p>Calculation of one credit</p> <ul style="list-style-type: none">● <u>One credit</u> for a lecture class requires 15 class hours per semester● <u>One credit</u> for an experimental, laboratory or an activity course requires 30 class hours per semester● <u>One credit</u> for a seminar requires 15-30 class hours per semester |

Medical Preparation

| | |
|---|---|
| Medical Information Form | <p>All admitted students are required to submit a completed Medical Information Form, which is available in their AIU Online System account after acceptance. The Medical Information Form consists of three parts. Part I is completed online by students. After completing the online part (Part I), they must bring Part I and Part II to their physician who understands their mental and physical condition for completion, have their parent, guardian, or next-of-kin complete Part III, then submit ALL THREE PARTS TOGETHER by email.</p> <p>Students and their home university coordinator are asked to go over the Medical Information Form together before submission. Home universities should also know about any conditions students have so that we can work together to provide support in case of an emergency.</p> |
| Support on AIU Campus | <p>"Health and Medical Care Room", "Counseling Room" There is a "Health and Medical Care Room" and a "Counseling Room" on campus. Please note that there is no medical doctor stationed on campus. For more information, please refer to the following webpage https://web.aiu.ac.jp/en/campuslife/support/ or contact Study Support and Student Wellbeing Coordinator (studentwellbeing@gl.aiu.ac.jp).</p> |
| Bringing Medications | <p>Students who intend to bring medications or continue using medications in Japan should prepare to bring all required medicines with them upon arrival, as it may be difficult or impossible to acquire the same medicines in Japan.</p> <p>However, it is illegal to bring some prescription and over-the-counter medicines commonly used in the United States or other countries to Japan, including some inhalers, allergy, and sinus medications.
