■ Admission policy

(1) Akita International University Mission Statement

With its innovative international liberal arts educational philosophy, Akita International University aspires to prepare students to be leaders in global society. International Liberal Arts education at AIU enables students to acquire a broad scope of knowledge and sharpens their analytical thinking skills; it helps them gain insight into the critical issues confronting the world and develops in them a global outlook, as it equips them with the ability to communicate effectively in English and other languages.

AIU's International Liberal Arts education fosters self-realization; it opens minds, instills the will to act and develops the capacity to rise to the complex challenges of the times with integrity and discipline. AIU students learn to commit themselves to serving their local communities, their countries, and the world.

(2) Characteristics of Akita International University

- From the perspective of an emphasis on education, we widely recruit faculty members with enthusiasm and capability for education from all over the world, regardless of nationality, age, or gender; All classes are conducted in English by the professors about half of whom are foreigners.
- In order to acquire international vision and sense through cross-cultural experience, our students are obliged to study abroad for one year.
In conjunction with this, a cosmopolitan educational environment and campus life are offered where foreign students gather from across the globe.
- As a university open to the world based on constant exchanges with the cross-cultural community, we deepen cooperation with universities/colleges around the world including 191 partner universities/colleges in 49 countries/regions (as of October 1, 2018).
- As a select few, our students are provided a whole person education by, for example, everyone being obliged to live in a dormitory for at least one year after admission.
- Akita International University is an ambitious university that gives the highest priority to educational power based on application of not only fixed-term system but also tenure system.

(3) Akita International University Future Students

At Akita International University, we want students who share our philosophy:

Successful applicants should be equipped with:

- Balanced basic academic competencies across the broad fields of the humanities, the natural and social sciences, as well as logical, critical and creative thinking skills and outstanding ability or experience in specific areas that they are enthusiastic about further developing within the scope of their learning
- Strong interest and an inquiring mind toward global affairs including the nature of

diverse cultures, languages, history and societies of the world based on their experiences in having studied abroad or participated in various international activities in and out of their countries

- Strong desire to gain practical skills of foreign languages (especially English) and knowledge from a broad range of liberal-arts subjects.

1. Number of Students

2 nd year	7
3 rd year	1

2. Application Qualifications

Before the application period, applicants must send transcripts to AIU to confirm the expected number of credits to be transferred to AIU. Further information is found on P. 3.

【2nd Year Student】

Applicants must meet one of the following educational requirement criteria, (A)~(C). (Those who have already been enrolled at AIU are not eligible).

- (A) Graduated from a university, a junior college or a technical college, or be expected to graduate from one of these educational institutions by the end of August, 2019.
- (B) Completed two or more years of study at a higher vocational school (or the equivalent, as determined by the Minister of Education, Culture, Sports and Technology) by August, 2019 (limited to those who have an University Entrance Examination Qualification, as regulated by the School Education Law, Article 90).
- (C) Be a registered student at a university for one year or more and received 30 or more credits by the end of August, 2019.
- (D) Have attained the prescribed grade as a special non degree-seeking student of Akita International University

【3rd Year Student】

Applicants must meet one of the following educational requirement criteria, (A)~(C).

(In principle, a student must have studied for the equivalent of two years or more at an English-medium institution of higher learning, of which one year was spent at an institution outside of Japan).

- (A) Graduated from a university, junior college, technical college, or expected to graduate from one of these educational institutions by the end of August, 2019.
- (B) Completed two or more years of study at a higher vocational school (or the equivalent, as determined by the Minister of Education, Culture, Sports and Technology) by August, 2019 (limited to those who have the University Entrance Examination Qualification, as regulated by the School Education Law, Article 90).
- (C) Be a registered student at a university for two years or more and received 60 or more credits by the end of August, 2019.

3. Credit transfer and status at AIU after Enrollment

Regardless of a student's year status when transferred, only credits with a grade corresponding to a "C-" or above by AIU standards (at least 70% of maximum credit in course assignments and exams) are transferrable. In addition, the number of credits in a course or courses transferred must be no less than the number of credits of the corresponding AIU course/courses. Maximum number of credits acceptable for transfer to AIU is 30 credits when the instruction of courses was in English and 18 credits for other cases. However, when a student is admitted as a 3rd year transfer student and has already earned 30 credits or more at a foreign university, the study abroad requirement is considered sufficient, and in this case, the maximum number of acceptable credits for transfer will be 60 and courses transferred must match the content of existing AIU courses. Course requirements not satisfied by transferred credits must be completed by courses taken at AIU. If 60 credits are approved for transfer, then the student will be admitted with a Junior status. In other cases, the student will be admitted with a Freshman or Sophomore status.

The transfer of credit is examined and approved after enrollment. Even if a student is admitted as a 2nd or 3rd year transfer student, the student's class status might be a freshman or sophomore due to the potential of credits not receiving approval. We highly recommend you to request an estimate of credits transfer in advance.

【Classification of Status of Students at AIU】

Class	Credits Earned
Freshman	28 or lower
Sophomore	29 - 60
Junior	61 - 92
Senior	93 or above

Applicants must submit an official transcript and other academic documents (e.g., ①syllabi in English, ②a document that indicates information on class hours, ③a document that indicates information on grading system, and ④a document indicates information on the institution's accreditation.) by which AIU can identify the contents of each completed course and the number of total credits the applicant has earned. These documents must reach AIU by Friday, January 18, 2019.
